

The FEY LONGHORNS CONSIGNMENT SALE invites you to the

2018 HEIFER FUTURITY OF THE WEST on Friday, June 8.

Entry fees will be \$125.00 per entry. Money will be jackpotted to Class Winners and to placing cattle. Number of paybacks will be determined by class size.

For logistic reasons cattle from the same ranch will be penned up together with ample space. Fey Longhorns Consignment Sale LLC will be responsible for penning, handling, watering and feeding, but is not liable for accidents to any people or animals during the entire duration of the event. Owners have the option to provide their own feed and care to their entries.

Standard interstate health papers will be required to unload cattle (except for Oregon cattle entered only in Futurity and not the Sale) along with entry information. We will try to accommodate transit cattle in separate pens at **\$15.00/day**. Owners will be responsible for feed and care. Please advise us in advance if you will have transit cattle that are not in either Sale or Futurity.

We are looking forward to our first Futurity on the West Coast and another great Sale here in the beautiful Willamette Valley of Oregon! It is an awesome vacation destination with the breathtaking Coast and World Class Wine Country within a short driving distance.
